

ZUZU LIVE Agent Policy (Income & Growth)

1. Agent commission ranges from **4% to 20%** based on the last **30 days** performance.
2. Sub-agent networks earn the **difference in commission rates**, with a **1% lifetime reward** when both are at 20%.
3. Earn **12% commission** for the first 30 days.

Agency Commission

Commission Formula

Agency Commission = Commission Rate × Total Gift Income of All Hosts, excluding platform rewards such as rankings and tasks.
 Gift revenue share is noted as **70%**. Example: when a user sends 10,000 coins, the host receives 7,000 beans.

Video Call Income

Call gifts follow the standard split: **70% to host**, up to **20%** to agent. Per-minute call income pays **70% to host** and **15% to agent**.

Private Room Income

Gifts follow the normal room split: **70% to host**, up to **20%** to agent. Per-minute pricing pays **70% to host** and **15% to agent**, while one-time entry pricing pays **50% to host**.

Important Notes

1. Target beans include the income of invited hosts.
2. When the host receives the gift, agency commission will be credited instantly.
3. When the host receives the Lucky gift, agency commission will be credited after room ends.
4. Minimum withdrawal is **\$10**, and withdrawals must be made in multiples of \$10.
5. **10,000 beans = \$1**.

Special Commission Rate for New Agency

30-Day New Agency Support

New agencies joining the platform for the first time get a temporary special commission rate for their first 30 days.

Who Can Get It	Duration	Beans Target	Commission Rate
New agency	30 days	No target	12%

Important Notes

1. The special rate stays active for the first 30 days after the agency joins.
2. If total beans in the last 30 days exceed **30M** during that period, the higher matching commission rate applies instead.
3. You need at least **3 active hosts** to claim agent commission, and agencies can be dismissed after **14 days** if that minimum is not maintained.
4. This section is separate from the standard agency commission table.

Sub-Agent Growth Model

Invite Sub-Agent

Sub-Agency Commission = (Your Rate minus Sub-Agent Rate) × Total Gift Income of All Hosts, excluding platform rewards such as rankings and tasks.

- 1. Inside Agent Dashboard, use the **Invite Agent** button to generate your referral link.
- 2. When a new eligible user joins through that link, they become an agent under you as your sub-agent.
- 3. This is the fastest way to build an agency network without separate official approval.
- 4. If your commission rate is higher than your invited agent's, you earn the difference.
- 5. If both you and your invited agent are at 20%, you still receive **1% lifetime rewards**.
- 6. Your own commission is not impacted by the rate of your parent agency.

Sub-Agent Commission Table
